

Call to Action

“...we're going to need you every step of the way feeling just as encouraged, just as excited, even more so, ready to roll up your sleeves, put in more time, and really push service to the point in this nation where it belongs. It should be a part of everyone's life. From the moment someone can walk to the day they leave this planet, service should be a part of how we give back, how we say thank you, how we express our gratitude for the lives that we've been given. And I know you all understand that, and you can help to spread that message.”

Michelle Obama
